The task God has given you is not one that can be conveniently scheduled. it is a pervasive task. Whether waking, walking, talking, or resting, you must be involved in helping your child to understand life, himself, and his needs from a Biblical perspective. --Tedd Tripp

You must regard parenting as one of your most important tasks while you have children at home. This is your calling. You must raise your children in the fear and admonition of the Lord. There is nothing more important. --Tedd Tripp

Parenting will mean that you can't do all the things that you could do otherwise. It will affect your golf handicap. It may mean your home does not look like a picture from Better Homes and Gardens. it will impact your career....It will modify the amount of time you have for bowling, hunting, television. It will mean that you can't develop every interest that comes along. The costs are high. --Tedd Tripp
